As many of you know, HUD has released the allocation formula for the Neighborhood Stabilization Program (NSP), established by Housing and Economic Recovery Act of 2008 (HERA). Delaware is set to receive **\$19.6 million** of these funds.

HUD has posted the Federal Register notice for the NSP which summarizes “the allocation formula and allocation amounts, the list of grantees, alternative requirements, and the waivers of regulations granted to grantees.”

#### **DSHA will be hosting an open forum on Tuesday,**

**October 14th** to discuss eligible activities and the application process. We encourage all interested parties to attend. DSHA is currently working with HUD to finalize a plan for the usage of these funds in Delaware. More information regarding the legislation, DSHA’s process for utilizing the funds, and DSHA’s action plan will be made available.
